Article 1

In order to enhance the professional competitiveness of day-time students of the University Department, strengthen the practical and application abilities in the field of study, so as to facilitate the rapid integration of the career development of the students upon graduation, the implementation of the " Chang Jung Christian University Student Professional Practice Ability Check" Article 2 of the Measures stipulates that the implementation regulations for the verification of the professional practical ability of students of the department.

Article 2

Students of the day-time system of the department of the university must complete the following professional practical projects before graduation as the threshold for graduation.

- 1. Contests:** Students must participate in at least 3 internal and external competitions during their stay in school before graduation, and must submit " Proof of competition " and " Competition works ". The entry record is mainly the entry certificate or the award certificate issued by the contest organizer. If there is no actual entry certificate, it can be replaced by the photo record of the participants of the contest or the record of correspondence with the organizer. The theme of the competition is based on the categories of tourism and catering or marketing planning.
- 2. Professional licenses:** students must obtain at least 2 licenses during their stay in school before graduation. For information on licenses related to tourism, food & beverage management approved by the department, please refer to the department webpage.
The types of licenses for foreign students in this department are not subject to the aforementioned license regulations and are determined by the department's curriculum committee.
- 3. Professional lectures:** Participate in at least 4 specific professional lectures hosted by the department and registered in the course of the event. Those who have not registered will not be certified.

Article 3

The tutoring mechanism for students of this department that has not met the graduation threshold of the department before graduation is provided by the class tutor.

Article 4

If there is any doubt about the professional implementation project obtained by the student, it may be confirmed by the resolution of the departmental meeting.

Article 5

This method is applicable to day-time students of the university who enrolled since the 105th academic year.

Article 6

This method will be announced and implemented after being passed by the departmental affairs meeting and the academic affairs meeting, and the amendments are the same.
