

[Announcement of Registration Course Affairs Section] Online teaching method will be implemented from April 6, 2011 (Wednesday) to April 10 (Sunday)

In response to the fact that a student in our school was listed as a confirmed case of new coronary pneumonia, based on the consideration of epidemic prevention to reduce contact and infection, our school will adopt the following preventive measures:

1. From April 6th (Wed) Section 8 to April 10th (Sunday), all students do not need to come to school, and a comprehensive preventive online teaching is adopted (Please watch the video for guidelines if necessary).
2. The courses which the confirmed student has selected will be changed to online from April 6 (Wed) to April 15 (Fri), 2022. The midterm exams next week could be taken online or postponed based on the coordination of teachers and students.
3. For the online teaching method, please make an announcement on the CJCU I-Learning, Cloud Classroom, and use Team for teaching and video recording (Meet is no longer available for recording). Please refer to our school's teaching resources here: <http://cjcu.tw/r/YpzuAz> or <http://cjcu.tw/r/FgEEjc>.
4. If there are no special circumstances in the coming days, physical teaching will be resumed from April 11 (Mon); if there is a new case, the follow-up teaching method for this semester will be announced in accordance with the epidemic prevention regulations of the Central Epidemic Command Center and the Ministry of Education.

Sincerely,

Registration Course Affairs Section
